

EMPOWERING TODAY'S GLOBAL LEADERS

EMPOWERING YOUNG PEOPLE TO BECOME GLOBAL LEADERS IN CREATING A JUST AND SUSTAINABLE FUTURE

GV offers both the tools and the vehicle for youth to change their own behaviors, activate the political will of their generation, and channel their energy toward positive change. GV students bridge demographic lines, raise their voices, shape the debate, and suggest alternative solutions. Through GV, the potential for youth to make a lasting impact becomes a current reality.

Be a part of our **2020 Vision**: to serve **20 percent** of public high school students in Seattle (U.S.) by **2020**. Help us tip the balance of culture—help us create a global city with youth global change makers and social entrepreneurs leading the way. Please contribute to create opportunities for underserved youth.

“ My participation in GV is constantly encouraging me to approach issues from different angles and try things I never thought I would. It inspires me to be better, not just for myself, but so that I might be an inspiration to others. ”

-RITA THORSEN

LEADERSHIP

In 2012, GV served **490** Guatemalan and U.S. youth leaders who engaged in **83,000** hours of training and service.

40 GV Youth Board Leaders gave **13,000** hours to their local and international community.

“ I walked into the hospital 3,000 miles away from my home. The experience I was about to have would change me forever. ”

-DEVIN MCDONALD

GV served 167 U.S. youth from three states (WA, CO, CA) representing 20 high schools who worked side by side with 112 Guatemalan youth from five high schools. Both groups gained global leadership skills through year-long trainings and two-week cultural immersion experience in Guatemala.

ENVIRONMENTAL STEWARDSHIP

GV youth served 2,000 hours and completed the eighth season of reforestation in Guatemala, bringing the total number of native trees planted to 22,500; they served 1,600 hours in the Puget Sound at the Local Roots organic farm, protecting urban forests in Seattle through Earthcorps.

SOCIAL JUSTICE

GV's Youth Board Pro-Justice Team initiated weekly meetings with key community, labor, and elected leaders advocating for social justice. They provided seven workshops to 110 first year participants, enabling them to become allies to those negatively impacted by racism, classism, sexism, and imperialism.

“ GV hit me at my core. It changed my outlook on the world. I now hold myself accountable. ”

-SAMRAWIT ZEINU

“ Global Visionaries has taught me that as a U.S.-American, I have power to make a difference, to promote social and environmental justice. GV has nurtured me into being a more conscious, empowered global citizen ”
